**PUNE, FEB 20:** Kirloskar Brothers Ltd has opened an authorised refurbishment centre (ARC) at Bellary in Karnataka, its first in the State.

The facility will offer service and repair facilities like overhauling, impeller balancing, hydro testing, corrocoating, performance enhancement, testing, shot blasting and painting for all pumps manufactured by KBL. It will also cater to customers having annual maintenance contracts.

Sanjay Kirloskar, Chairman & Managing Director, Kirlolskar Brothers, said: "The centre in Bellary will cater to our bulk pump users by continuously implementing upgraded methods to increase the efficiency of our equipment."

KBL has six manufacturing plants and four other refurbishment centres in New Delhi, Surat, Vadodra and Jamshedpur.
